

Southborough LibGuide: Skillshare

What is Skillshare?

Skillshare is an online learning community that offers classes and workshops for novices to advanced users on a variety of visually creative skills, such as illustration, animation, and photography, as well as web design and development and even classes on business skills and personal productivity.

How Do I Use Skillshare?

To create a Skillshare account, visit the [Southborough Library homepage](#) and click on the Skillshare button on the bottom right to activate the Account Application Form. Enter your full name, email address and Southborough Library card number; click Submit. Check your email for an Account Activation Invitation from Skillshare. Click Activate Your Account and establish your Skillshare user logon by providing your email and choosing a password.

Skillshare Account

Activate Your Account

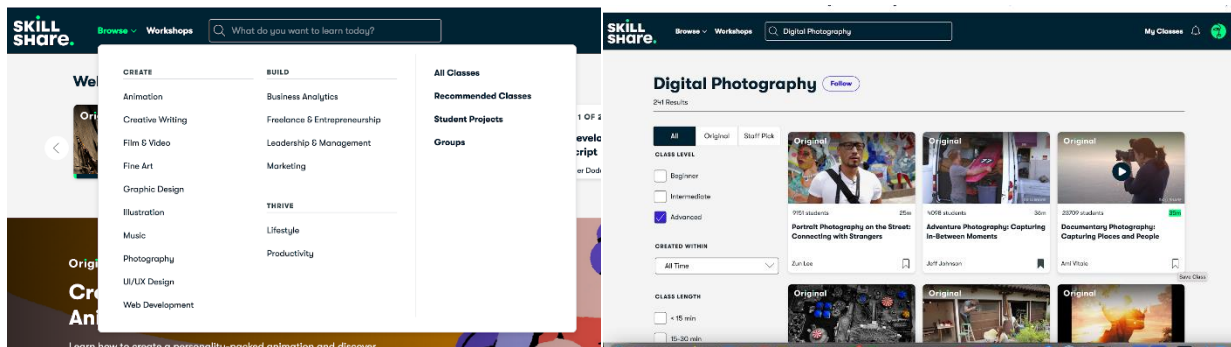

Activate your account today and unlock unlimited access to over 31,000+ classes in design, business, and more.

On the [Skillshare](#) homepage, enter your login information and click Sign In.

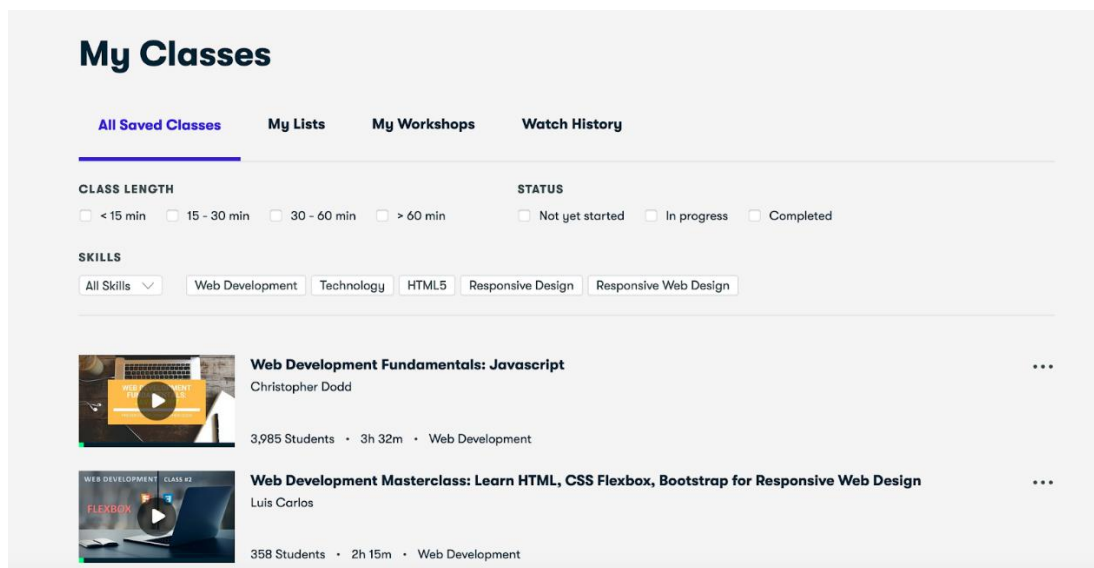

Please note: Southborough Library can provide Premium Level access to the first 20 users each month. Premium Level accounts have free access to thousands of Skillshare offerings. At the month's end, patrons will be allowed additional access for the next month on a first-come first-served basis. All user history will be saved monthly.

Navigating Skillshare and Curating Your Classes

Use the **Browse Menu**, to view and select from among broad interest categories. Or, use the **Search box**; Skillshare will return a list of offerings that match your search term. The filters on the left will narrow your results. By clicking on the flag icon for a class, you can curate your own list of classes.

Click on the **“My Classes”** link at the top right to view your own list of classes.
