

COMING SOON!

The Southborough Library is hoping to open a central space for the community to share, give and take seeds and related information.

This fall we would like your help in collecting seeds that have been successful locally and contributing those seeds to us for storage and sorting over the winter. In the Spring it is our hope to open the new Seed Exchange featuring lots of seed and information for starting or expanding your home gardens.

Please contact the Ryan or Pat at the library if you would like more information or would like to be involved in any way.
